

PERFORMING ARTIST APPLICATION

We welcome the opportunity to explore partnering with you and your music. If you are accepted into the program, we will ask that you provide us with regular updates about your performance dates, tour schedules, releases and other activities so we can promote you and your music on our website and across our social media network.

Participating in the Breedlove Artist program does not restrict your use of instruments from other brands. We never wish to limit your music options and encourage artists to play the instrument most appropriate for every situation. But, naturally, we expect your Breedlove instrument to be a regular part of your music mix.

Please fill out the following form and submit to artistrelations@breedlovesound.com. With this application, please include a biography, photo of you and/or your band with your instrument(s), and testimonial. A video for your profile is optional but highly recommended. The Artist Relations team will review the information and get back to you within 30 days.

*QUESTIONNAIRE**

Please list the Breedlove instruments you currently own:

How did you hear about/discover Breedlove and why are you interested in partnering with us?

What is your musical style?

Are you a session musician? If so, how often do you record?

Please list the instruments you play regularly in a recording environment (including type, brand, and model):

What are your plans as an artist over the next five years?

Why would you make a great Breedlove artist?

If you don't currently own a Breedlove instrument, which model are you interested in?
