

The Travel-Ready
COMPANION GUITAR BODY SHAPE

When Inspiration Strikes, Never Be Without Your Music

Breedlove

Sound Better. Play Better. Play More.

*Find your ideal Companion
and never be without
your sound.*

Be Inspired. Wherever music's journey takes you.

***Traveling with a full-size guitar has
always been challenging.***

*Historically, players have compromised sound
quality for convenience.*

*At Breedlove, we believe a small body travel-
ready guitar should sound outstanding. Period.*

*After countless hours of engineering and design,
trial and error, we're proud to present our new
Companion body shape. A small body "travel"
guitar that plays and sounds so fantastic, you will
not be able to put it down.*

*Take a moment to play a variety of these
models, and you will not only find a tonewoods
combination that matches your sound, but you
just might find your new favorite guitar.*

***Meet the uncompromisingly spectacular,
Breedlove Companion.***

The Companion

*A convenient travel-ready
guitar that does not
compromise on sound
quality or playability.*

Body Depth:

3.25" (neck) 4" (tailblock).
